

## Investment Trading Program (ITP)

Looking to diversify your investments and still be in control? With the investment trading program offered by Van Ahn and Company, Inc., we look to accomplish just that. In this program we utilize technical analysis in conjunction with our four pillar approach to provide actionable trading ideas to the client.

The key to this program is the actionable reward to risk that we identify for you the client. You will see first-hand analysis of an approach that is straight forward with emphasis on managing risk vs. potential reward situations within the futures market landscape, while still allowing you control of your trading.

Other features include:

- Daily oversight of your account and positions
- Daily afternoon update regarding current watch list and active trade strategies
  - **Actionable** analysis on a variety of investment complexes within the futures market
  - 'Charts of the day' included in the update which highlight markets that we are finding interest, both on the long and short side
  - Upcoming news events that could impact specific markets
- Access to our website and phone app
- Urgent AMI voice recorded messages to your phone, sent to all ITP clients within minutes of recording.
- Reduced commissions
- Quarterly 'Go To' webinars that discuss the general market landscape from a technical approach

The cost of this program is \$240 per year (only \$20 per month)! Payment can be received by check (Made payable to Van Ahn & Company) or credit card. This will be an investment program that places well researched trades at your fingertips, with respect to reward and risk parameters. We want to provide a consistent approach to your trading and investment profile, sign up for a free 2 week trial today at no cost to you!
